

TECHNOLOGY ASSURANCE

for sole proprietors and businesses

Time is money. Protect it with MyIT.

MyIT protects your computer's hardware and data to ensure performance and prevent the downtime caused by a hard drive crashing or virus corrupting your valuable data.

MyIT annual subscription includes:

- Virus and malware protection
- Data backup
- Loaner equipment
- IT support with preferential service rates
- Detailed system reports
- Referral Program

With MyIT, the Systems Plus team has your back

Benefits:

Virus and malware protection

MyIT provides automated protection by scanning your computer for harmful viruses and other malware that can cause slow performance and a hard drive to crash.

Data backup

Nothing is more important than saving your information accurately and securely. MyIT saves data to your external hard drive and to the cloud so that it can be accessed from any connected device.

Loaner equipment

When repairs are needed, or if your computer is lost or stolen, Systems Plus provides devices that are equipped with MS Office and Carbonite, allowing you to access your data using the Carbonite portal. As necessary, we can install other software applications such as Quickbooks, to ensure that all your needs are being met.

IT support with preferential service rates

Our experienced, certified technicians save you money by remotely connecting to your computer to troubleshoot and fix problems. You receive special rates for service (*onsite or remote*).

Detailed system reports

We are versed in the unique system specifications of your device such as memory, applications, and operating system path levels. This means we can provide proactive guidance on the best IT purchase for you – quickly and efficiently.

In addition to saving valuable time, MyIT saves money through:

Preferential service rates

Special service rates for repairs
